PREMIUM HOME MUSIC SYSTEM

WELCOME TO AUDIOENGINE

Welcome to the Audioengine family and congratulations on your purchase of the A2+ Premium Home Music System! Audioengine is dedicated to bringing you the highest-quality listening experience possible and the A2+ was designed with the same attention to detail and operational simplicity as all our products. We are sincerely grateful to the many customers who make what we do possible. Thank you to our fans for continuing to provide us with the inspiration to make excellent products.

The Audioengine A2+ Premium Home Music System is built with custom components, including precision-tuned silk dome tweeters, aramid fiber woofers and housed in furniture-grade wood cabinets, the A2+ is designed to sound as powerful as it looks. It supports both wireless and analog connections, featuring Bluetooth aptX-HD for high-quality streaming, as well as RCA, and 3.5mm inputs for maximum flexibility.

WHAT'S IN THE BOX

A2+ powered (left) speaker

A2+ passive (right) speaker

Microfiber speaker bag x2

Microfiber accessory bag

1. USB-C to USB-C cable

2. 3.5mm AUX cable

3. Speaker wire

4. AC power cable

5. External power supply

①

②

③

④

⑤

POWERED SPEAKER

PASSIVE SPEAKER

QUICK SETUP

1. Unscrew the terminals on both speakers. Connect the included speaker wire to the A2+ left (powered) speaker terminal and into the color matching posts on the right (passive) speaker terminal.

Check the speaker wire polarity by verifying that the wires are going to the same terminals on both speakers.

Re-screw the speaker terminals to secure the connection.

POWER

2. Connect the cable from the external power supply to the power supply connection on the A2+ left (powered) speaker rear panel. Be sure to align the pins correctly.

Connect the AC power cord to the other end of the power supply and plug the cord into a functioning power outlet. A light on the power supply should be illuminated.

Turn the volume knob clockwise until you hear a click. The pair light on the rear or the A2+ powered speaker should be illuminated.

WIRELESS CONNECTION

3. If this is your first time setting up Bluetooth, the A2+ will automatically go into Bluetooth “pair mode” and the pair button on the rear panel will start flashing.

On your Bluetooth enabled device, such as a smart phone, turn on Bluetooth and go to Bluetooth preferences.

Select “Audioengine 2+” to pair and connect.

The Pair indicator light on the A2+ powered rear panel should now be solid.

Play your music and adjust the volume on both your speakers and your device to your desired listening levels.

ADDITIONAL CONNECTION OPTIONS

RCA Input

3.5mm AUX Input

USB-C Audio Input

RCA Output (Subwoofer)

BREAK-IN PLAYLISTS

Kick things off right. Scan the QR code for our go-to playlists to break in your new Home Music System. After 40 to 50 hours at moderate volume, your speakers will settle in.

WHO IS AUDIOENGINE

As a veteran-owned, international company, Audioengine has been dedicated to building innovative, high-quality, and easy-to-use audio products. Since our inception in 2005, our mission has remained to make premium sound accessible to everyone, every day. We engineer and manufacture a range of Home Music Systems, amplifiers, and audio accessories that have earned acclaim from music enthusiasts worldwide. At Audioengine, we prioritize simplicity, excellent customer service, and products that make you want to listen to music every day. We're committed to delivering more than just great sound, our Home Music Systems are designed to reflect craftsmanship and quality at every level. From hand-tuned amplifiers to real-wood, furniture-grade cabinets, each system is built with care to ensure the music sounds exactly as the artist intended. Our signature 13-step hand-painted high-gloss hand finish adds a refined touch to every piece. We stand by our products with a 30-day audition and a 3-year warranty, and with US-based phone support, free shipping. We make sure your experience is seamless from start to finish.

WARRANTY INFORMATION

All Audioengine products have a 3-year Limited Warranty on parts and labor from the date of purchase. Your warranty is automatic, so there is no need to register. For Limited Warranty coverage elsewhere, please contact the Audioengine dealer or distributor in your country or region. The Audioengine Limited Warranty does not cover damage caused by accident, misuse, abuse, neglect, excessive moisture, lightning, power surges, other acts of nature, unauthorized product modification or repairs, or failure to follow the instructions outlined in this guide. For more information contact Audioengine.com/support

What is covered

All defective parts or faulty workmanship.

What is not covered

The Audioengine Limited Warranty does not cover damage caused by accident, misuse, abuse, neglect, excessive moisture, lightning, power surges, other acts of nature, unauthorized product modification or repairs, or failure to follow the instructions outlined in this guide.

What we will do

We will repair or replace any defective parts, at our option, within a reasonable amount of time and free of charge any time during the warranty period. After service, we will be responsible for shipping the product back to a US address at our expense.

What we ask from you

You will be responsible for shipping charges to Audioengine or to an authorized dealer. We recommend you keep the original shipping materials to prevent shipping damage if service is needed. Audioengine cannot be responsible for any damages incurred during shipping due to poor packing, so please pack well and make sure to insure your shipment.

How to obtain Audioengine warranty service

If you have any question or feel you may need service, contact the reseller where you purchased your product. You can also visit our support portal: audioengine.com/support-inquiry

And if you don't find an answer to your question you can easily contact us by opening a support ticket

Exclusive remedy

This Limited Warranty is fully transferable provided the current owner furnishes the proof of purchase and that the serial number on the product is intact. THE MAXIMUM LIABILITY OF AUDIOENGINE SHALL NOT EXCEED THE ACTUAL PURCHASE PRICE PAID BY YOU FOR THE PRODUCT. IN NO EVENT SHALL AUDIOENGINE BE LIABLE FOR SPECIAL, INCIDENTAL, CONSEQUENTIAL OR INDIRECT DAMAGES.

SAFETY INFORMATION

Please read these instructions before using this product.

Keep these instructions for future reference.

Heed all warnings on the product and in this guide.

Follow all instructions.

Do not use this apparatus near water or moisture.

Clean only with a dry cloth and as directed by the manufacturer.

Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.

Do not install near any heat sources, such as radiators, heat registers, stoves, or other apparatus that produce heat.

Do not defeat the safety purpose of the polarized or grounding-type plug. A polarized plug has two blades with one wider than the other. A grounding-type plug has two blades and a third grounding prong. The wider blade or third prong is provided for your safety.

Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.

Use only attachments or accessories specified by the manufacturer.

Use only with the cart, stand, tripod, bracket, or table specified by the manufacturer or sold with the apparatus. When a cart is used, use caution when moving the cart/apparatus combination to avoid injury from tip-over.

Unplug this apparatus during lightning storms or when unused for long periods of time to prevent damage to this product.

Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

FCC PART 15 NOTICE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help.

FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body.

INFORMATION FOR USERS ON DISPOSAL OF OLD EQUIPMENT

[European Union]

This symbol indicates that the electrical and electronic equipment should not be disposed as general household waste at the end-of-life. Instead, the product should be handed over to the applicable collection point for the recycling in accordance with your national legislation. By disposing of this product correctly, you will help to conserve the environment and human health that could otherwise be caused by inappropriate waste handling of this product. For more information about collection point and recycling of this product, please contact your household waste disposal service or the shop where you purchased the product. Penalties may be applicable for incorrect disposal of this waste, in accordance with national legislation.

[Other Countries outside of the European Union]

If you do wish to dispose of this product, please do so in accordance with applicable national legislation or other rules in your country for the treatment of old electrical and electronic equipment.
